MEMORANDUM FOR: Director, Information Resources Office

FROM : James H. Taylor  
Comptroller, CIA

SUBJECT : CIA Representation on the DCI  
Intelligence Information Handling  
Committee

REFERENCE : My Memo to D/OCIS, dtd. 19 April 1978,  
Same Subject, (COMP 78-0409)

1. The referent memorandum indicated that the Deputy Director of Central Intelligence (DDCI) assigned, on a temporary basis, Mr. Clifford D. May, Jr. as the CIA member of the DCI Intelligence Information Handling Committee (IHC) and Mr. Harry C. Eisenbeiss as alternate CIA member. Messrs. May and Eisenbeiss were to assist in the development of a new IHC charter and in the further definition of the role of your new office then called the Office of Community Information Services (OCIS). Upon completion of their work, they were to submit recommendations to the DDCI regarding permanent CIA membership on the IHC, taking into account the projected future efforts of the IHC and the nature of the support structure which the permanent CIA member will require.

2. Because the initial work of the temporary CIA members is nearing completion and because of the recent reassignments of key CIA personnel, the DDCI
